General Competition Information

Contest Information

Winds members will need to bring a lunch or have arrangements made for the lunch break. Students will be dismissed for lunch **AFTER** the trailers are loaded. If you are leaving with a parent for lunch, they should arrive around 12:45 so that the trailer will be fully loaded.

When loading the trailers, make sure you have your instrument, flags, sticks, reeds, uniform, shoes, black socks, and all other uniform parts. Do not have another student load anything for you. **DOUBLE CHECK EVERYTHING!!**

Due to spring break starting, if you plan to leave with your parent after state finals, please let me know in advance.

Upon arrival at Plymouth after the contest, each band member is responsible for unloading his/her equipment. All percussion members are responsible for all percussion instruments and all guard members are responsible for all guard equipment. **No winds students will be permitted to leave until all of the equipment is put away properly.**
